\_\_\_\_\_

(hereinafter “LICENSEE”), in consideration of the mutual covenants contained herein, the parties, intending to be legally bound hereby, hereto agree as follows:

1. LICENSOR developed certain valuable intellectual property, known as Retinal Images for Pigment Signs (RIPS) Dataset and desires to grant a license to LICENSEE.
2. LICENSEE shall have no rights with respect to the Dataset or any portion thereof and shall not use the Dataset except as expressly set forth in this Agreement.
3. Subject to the terms and conditions of this Agreement, LICENSOR hereby grants to LICENSEE for non-commercial research use only, subject to the following conditions:
  - a. The Dataset is only for the non-commercial research use of LICENSEE and, in a need-to-know basis, of those direct research colleagues who belong to the same research institution as LICENSEE.
  - b. The Dataset will only be used for research purposes and will not be used nor included in commercial applications in any form (e.g., original files, encrypted files, files containing extracted features, etc).
  - c. In the case of matters not regulated by this license or, where matters are partly regulated by it, of those aspects not covered by it, the competent court would be in Naples, Italy.
  - d. Please refer the database in your paper by citing our paper “Brancati, N., Frucci, M., Gragnaniello, D., Riccio, D., Di Iorio, V., Di Perna, L., Simonelli, F.. “Learning-based approach to segment pigment signs in fundus images for Retinitis Pigmentosa analysis”, Neurocomputing, 308, 159-171, (2018).
